

Signatures from 'two 1970s Boscombe Down leaving cards

The following are copies of the names (signatures) from 'two leaving cards' signed by people who worked in 'Electronic Workshops A' (a sub-section of the Technical Service Division). Comments have been removed to avoid embarrassing anyone! If you can decipher any of the names, especially those marked with a blue spot (which I either struggled to read or to recall the missing surname), I should be most grateful if you would pass details to me.

List 1 - Probably from 1974

List 2 - Probably from 1978
